Parson

my
writing

Dear Franklin:

Your publication of
the Turner and Camp
Kern history was most
interesting.

In 1912 I was a camper
on the high point ~~on~~
for a summit overlook-
ing the River. I was a
high school boy at the
time. Then as a group
of boys I was one who
built the wooden
platform ~~on which~~ the
tents were placed. Camp
Kern was Camp OZORE,
as I recall.
Upon graduation from

Steel High in 1914 I became
the assistant to Carl Kern,
replacing Carl Hale who
became the Group Work Key
in Marion Ohio.

In that year I made my
money (with some help
from my father) for my
first year as G.W.K.

I had previously, during
the ~~year~~ several days, seen the
elevators in the main building
ing, & ^{from 6 to 9 AM} the telephone exchange
then had some classes
after 1919 in the 3rd floor
educational department
(though some as well)

The U has been good to me
& I owe it a great deal

Sincerely,

Don Bullard
